

Richmond Smiles

The mobile van is collaboration between the Virginia Department of Health, and the Richmond City Health District. Our mission is to provide emergency care and initial entry into dental care for residents that do not have access to routine dental health services.

The Richmond Smiles program offers uninsured Richmond residents a convenient and accessible way to obtain dental care by bringing the dental care to you.

Dental services are provided first-come-first-served. A full range of dental care is offered. We perform oral examinations, school screenings, bite wing x-rays, cleanings fillings and extractions

We look forward to seeing you at one of our sites.

Bringing dental healthcare to YOU!

December 2009
